essential

Smarter Power. Better Living.

Aqara Essential Smart Plug Kit

3x Aqara Power Plug H2 UK (RGB) + Hub M100

Make everyday appliances smarter.
Control, monitor and automate your
home with ease.

-  **Remote Control**
Control your devices from anywhere.
-  **Energy Monitoring**
Track power usage for smarter savings.
-  **Schedules & Automation**
Automate your devices to fit your routine.
-  **Safe & Reliable**
Built-in overload and overheating protection.

-  **Control From Anywhere**
Turn appliances on or off remotely using the Aqara Home app.
-  **Energy Monitoring**
Track real-time power usage and see how much energy your devices consume.
-  **RGB Status Light**
Colour-coded LED ring shows power status and energy usage at a glance.
-  **Thread or Zigbee — You Choose**
Use Thread for Matter ecosystems or Zigbee with an Aqara hub for advanced automations.
-  **Schedules & Automation**
Set timers, schedules and smart automations to fit your daily routine.
-  **Safe & Reliable**
Built-in overload and overheating protection for greater peace of mind.
